

**NORTH ARLINGTON
MEMORIAL DAY PARADE
May 29, 2023**

Sensory Friendly Zone

The Mayor and Council of North Arlington are proud to announce that once again North Arlington will have a sensory friendly zone for the Memorial Day parade. The area between Astor Avenue and Albert Street has been designated as a "Quiet Zone". Bands, sirens, music and groups have all been instructed to "tone it down" in this zone.

This area will be a great place for residents with noise issues, babies and toddlers and our four-legged friends. We are hoping this will make our parade an enjoyable experience for all.
